

The number of Committee members will be limited to effectively accomplish the Committee's work and will be balanced in terms of interests represented. Organizations with similar interests are encouraged to submit a single application to represent their interest. Although the Committee will be limited in size, there will be opportunities for the public to present written information to the Committee, participate through subcommittees, and to comment at Committee meetings.

Applications should be sent to the Access Board at the address listed at the beginning of this notice. The application should include the representative's name (and an alternate), title, address and telephone number; a statement of the interests represented; and a description of the representative's qualifications, including engineering, technical and design expertise and knowledge of making electronic and information technology accessible to individuals with disabilities.

Committee members will not be compensated for their service. The Access Board may, at its own discretion, pay travel expenses for a limited number of persons who would otherwise be unable to participate on the Committee. Committee members will serve as representatives of their organizations, not as individuals. They will not be considered special government employees and will not be required to file confidential financial disclosure reports.

After the applications have been reviewed, the Access Board will publish a notice in the **Federal Register** announcing the appointment of Committee members and the first meeting of the Committee. The first meeting of the Committee is tentatively scheduled for October 15–16, 1998 in Washington, DC. The Committee will operate in accordance with the Federal Advisory Committee Act, 5 U.S.C. app 2. Committee meetings will be held in Washington, DC. Each meeting will be open to the public. A notice of each meeting will be published in the **Federal Register** at least 15 days in advance of the meeting. Records will be kept of each meeting and made available for public inspection.
